

Autumn Winter 2023

COVID/Flu Vaccination Programmes

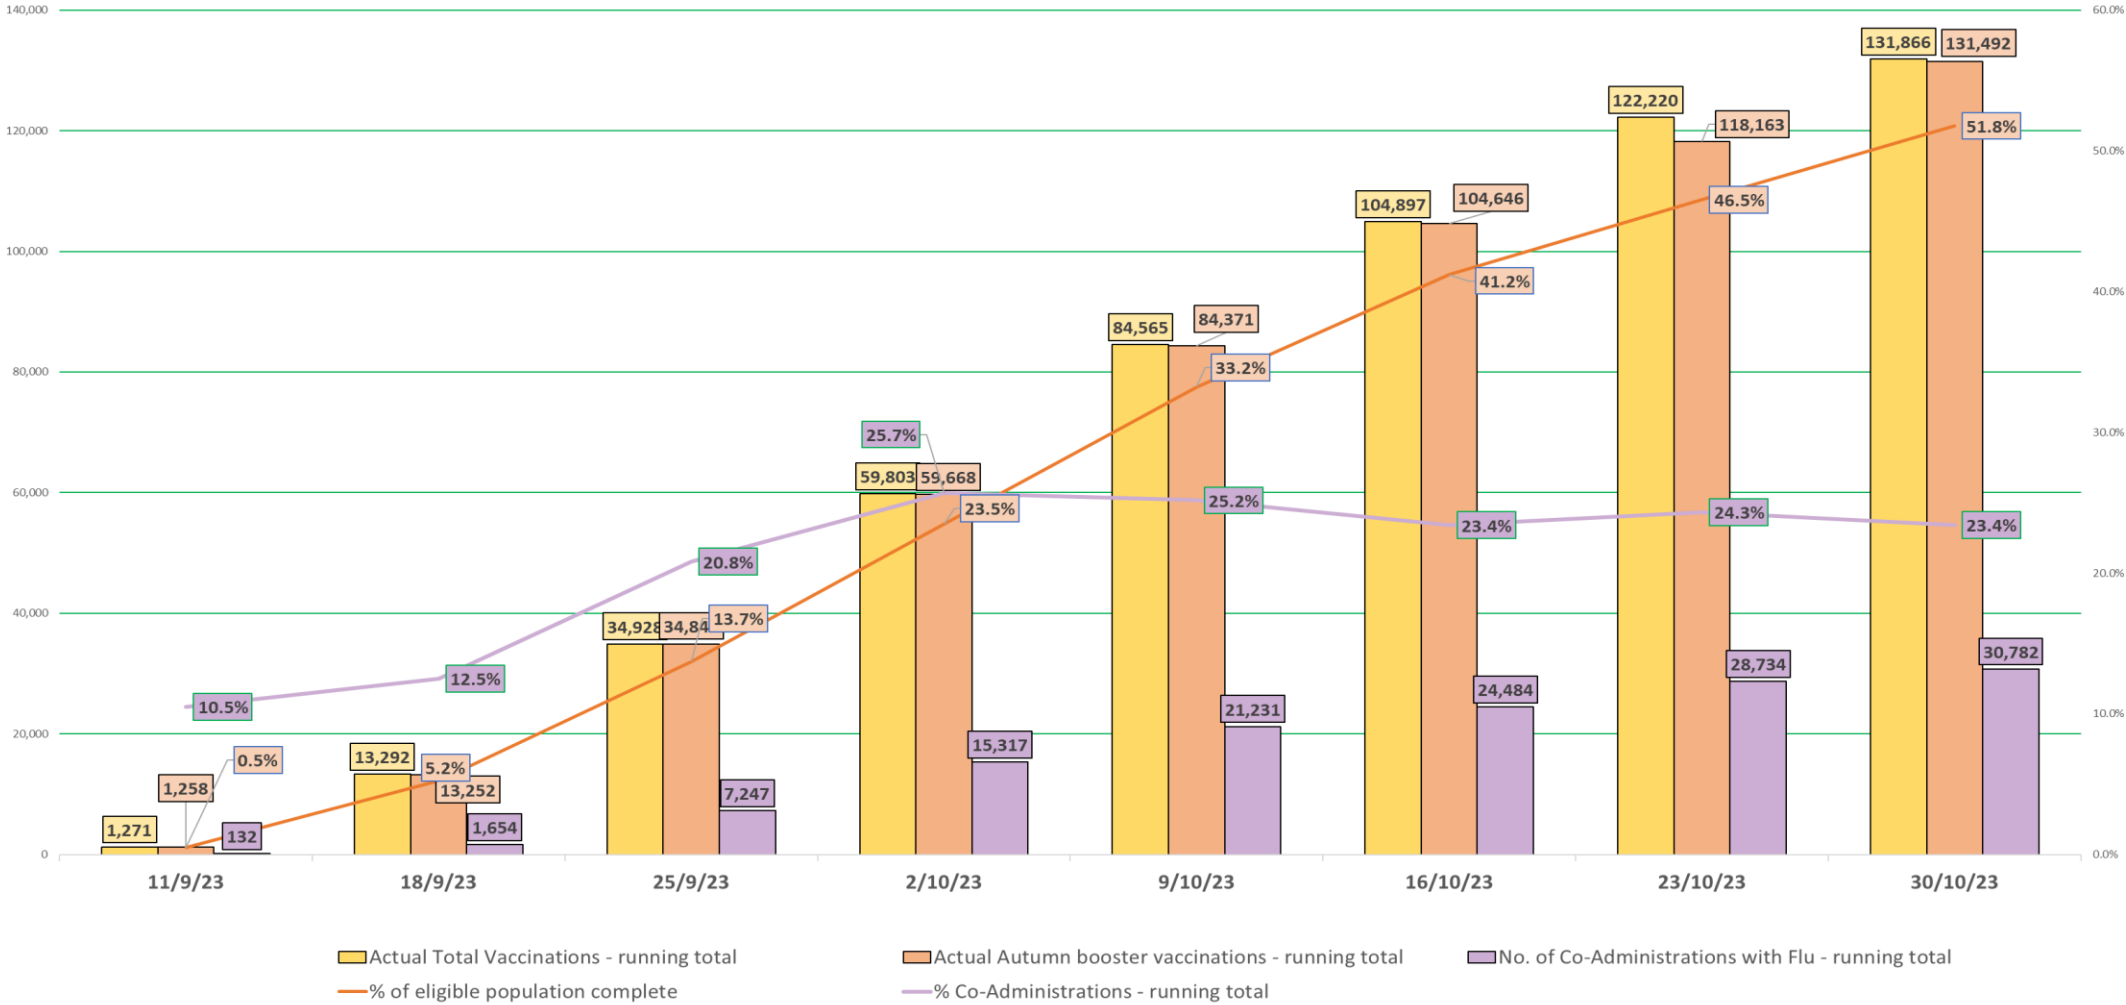

Mike Kelly Somerset ICB Health Inclusion

Autumn 23 COVID Programme

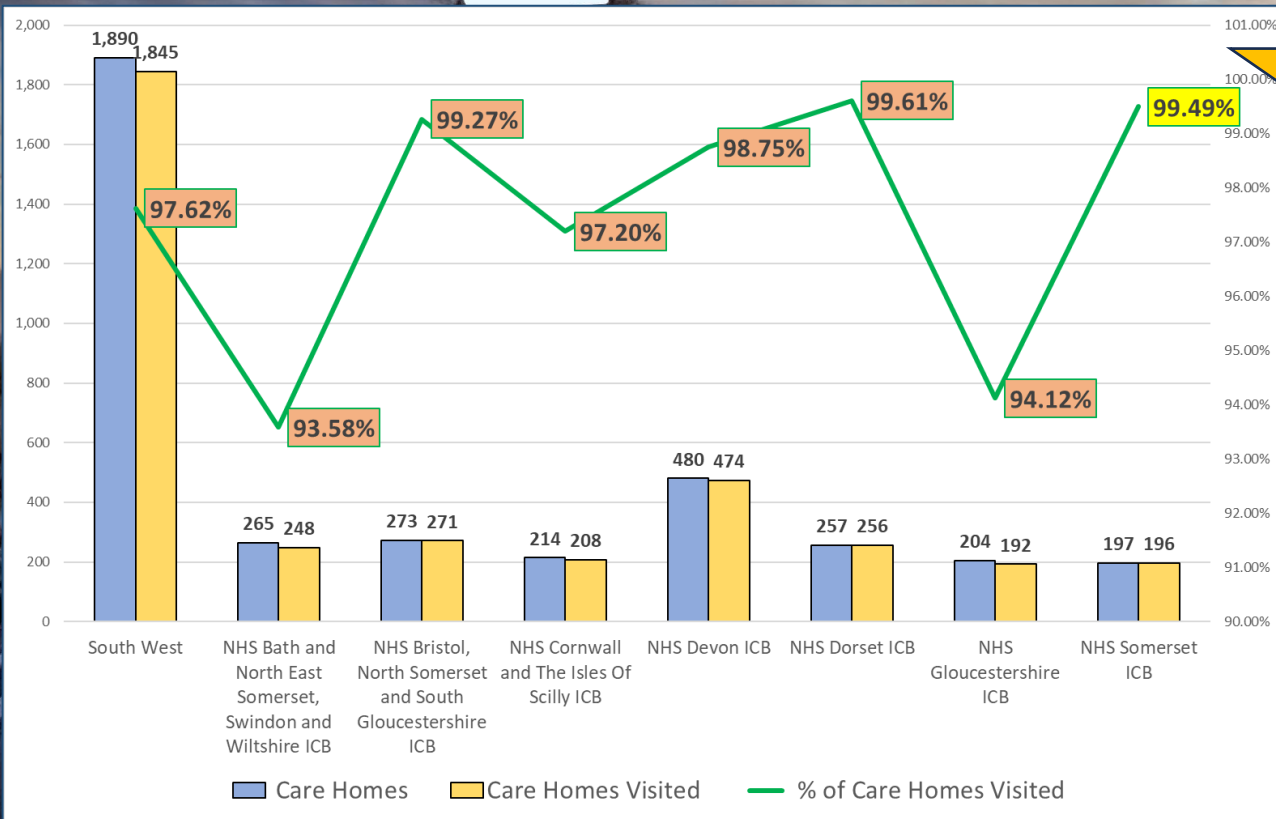

- Thank You!
- AW 23 Care Home Programme
 - Previous Spring 23 and Autumn/Winter 22 very successful as a Programme and especially Care Home delivery and uptake
 - Model used for Somerset
 - Opted in PCNs - vaccinations delivered by Primary Care/PCN Teams
 - Opted out PCNs - vaccinations delivered by SFT colleagues – Roving Teams
 - Original date of the AW 23 Programme 2 Oct – end Dec.
 - Change of dates due to variant of concern
 - Care Homes start date moved forward to 11 Sep
 - Challenges to all Teams and Care Home staff with the move forward of dates
 - Different processes in the delivery model – consent, co-admin with Flu, vaccination of Care Home staff
 - Overall Care Home has been a very successful delivery model with no key issues raised to the Programme

Somerset Flu Vaccinations – Predicted Trajectory

Feedback from Care Homes

- How did the Care Home COVID/Flu vaccination Programme go?
- What were the barriers to delivery of the COVID/Flu Programme?
- What were the successes to delivery of the COVID/Flu Programme?
- Are there any lessons to be learnt from Care Home staff access to vaccinations and the delivery of vaccinations to Care Home staff?
