# Report Development

## Next Steps...

- Gain an understanding of the multiple referrals and assessments
  - What can we learn as a system?
  - What are the potential areas for development?
  - Are we achieving the right outcomes for individuals?
- Develop the data to enable an understanding surrounding individual outcomes following Referral and Assessment
  - What can we learn from this as a system?
  - What are the opportunities to improve community, service, housing provision?
- National Benchmarking
  - What does good look like?
  - What are our ambitions as a system?
- Forms part of the overall Transformation/Improvement plans for Mental Health Services
- Frequency of updates to MHALD Programme Board?
